

Open Sands Kitty Rescue  
TNR Application

---

Open Sands Kitty Rescue (OSKR) was founded with the primary mission to address the overpopulation of cats in Panama City Beach. As such, the majority of our focus is TNR (Trap, Neuter and Spay, Return) of feral and stray cats. We coordinate with other residents and share our knowledge and supplies so that others can join the cause.

Thank you for your interest in TNR. It is the only proven, humane and effective response to the overpopulation of feral cats.

Please complete the application and we will respond.

I can pick up/hold the cats I wish to TNR    Yes    No

I currently regularly feed the cats I wish to TNR    Yes    No

I feed the cats I wish to TNR (select all that apply)    Morning    Afternoon/Evening    Inconsistently

When the cats come to feed (select all that apply)    They eat in my presence    They don't eat until I leave  
They eat together in groups    Trickle in one or two at a time

I am willing to trap train the feral cats. This involves placing food inside (more and more each day) the trap for a week or two before trapping    Yes    No

I am willing to provide the food for this process    Yes    No

I am willing to be trained in trapping and complete the trapping myself. Typically this is an evening/night activity on a Sunday or Monday. All required gear can be borrowed.    Yes    No

If no, please explain the inability to do so (such as physical limitations, schedule conflicts, etc.) \_\_\_\_\_

---

I am willing to transport the cat(s) to Operation Spay Bay in the morning with a drop off time between 8-8:30 am on Monday or Tuesday mornings.    Yes    No

If no, please explain the inability to do so (such as deficient transportation, physical limitations, schedule conflicts, etc.) \_\_\_\_\_

---

I am willing to pay for the TNR package (\$50/cat) or the cat(s) are located in PCB and are eligible for voucher coverage. OSKR can assist with incidental but necessary expenses such as medications.    Yes  
No

If no, please explain the inability to do so (financial hardship, etc.) \_\_\_\_\_

---

I am willing to pick up the cat(s) at Operation Spay Bay in the afternoons. Pick up is typically same day, between 3:30-4:30 pm.    Yes    No

If no, please explain the inability to do so (such as deficient transportation, physical limitations, schedule conflicts, etc.) \_\_\_\_\_

---

I am willing to care for the cat as prescribed by the veterinarian. This involves keeping the cat caged at my home, in a temperature controlled environment such as a spare bedroom, bathroom, garage, shed, covered porch for upwards of 10 days, but typically 1-3 days. Cats will need food, water, litter sifting, and occasionally medications. All gear can be borrowed from OSKR.    Yes    No

If no, please explain the inability to do so (lack of space, allergies, lease prohibitions, etc.) \_\_\_\_\_

---

I am willing to have the cats released (either by myself or rescue volunteers) in the precise location of trapping and understand that relocating the cat is not an option, unless the rescue determines that the cat is adoptable and intake is open.    Yes    No

I understand that any of the activities above where I have indicated “yes” incur the risk of injury or disease and I agree to hold OSKR harmless of all liability.    Yes    No
